

TABLE 3.16

### Primary Commodity Exports 2006-2007

|                                 | 2006          | 2007 <sup>1</sup> | Change (%)  |                   |
|---------------------------------|---------------|-------------------|-------------|-------------------|
|                                 |               |                   | 2006        | 2007 <sup>1</sup> |
| <b>Palm oil<sup>2</sup></b>     |               |                   |             |                   |
| Volume ('000 tonnes)            | 14,423        | 14,100            | 7.3         | -2.2              |
| Unit Value (RM/tonne)           | 1,573         | 2,450             | 5.6         | 55.8              |
| Value (RM million)              | 22,687        | 34,545            | 13.3        | 52.3              |
| <b>Palm kernel oil</b>          |               |                   |             |                   |
| Volume ('000 tonnes)            | 933           | 950               | 9.7         | 1.8               |
| Unit Value (RM/tonne)           | 2,313         | 2,700             | -9.8        | 16.7              |
| Value (RM million)              | 2,158         | 2,565             | -1.0        | 18.9              |
| <b>Saw logs</b>                 |               |                   |             |                   |
| Volume ('000 cubic metres)      | 4,772         | 5,000             | -17.1       | 4.8               |
| Unit Value (RM/cubic metres)    | 474           | 480               | 10.7        | 1.3               |
| Value (RM million)              | 2,261         | 2,400             | -8.3        | 6.1               |
| <b>Sawn timber</b>              |               |                   |             |                   |
| Volume ('000 cubic metres)      | 2,939         | 3,281             | -10.3       | 11.6              |
| Unit Value (RM/cubic metres)    | 1,203         | 1,250             | 13.6        | 3.9               |
| Value (RM million)              | 3,536         | 4,101             | 1.9         | 16.0              |
| <b>Rubber</b>                   |               |                   |             |                   |
| Volume ('000 tonnes)            | 1,134         | 1,165             | 0.6         | 2.7               |
| Unit Value (RM/tonne)           | 7,259         | 7,200             | 41.5        | -0.8              |
| Value (RM million)              | 8,235         | 8,388             | 42.3        | 1.9               |
| <b>Pepper</b>                   |               |                   |             |                   |
| Volume ('000 tonnes)            | 16.5          | 15.6              | -8.0        | -5.5              |
| Unit Value (RM/tonne)           | 8,684         | 10,500            | 28.9        | 20.9              |
| Value (RM million)              | 139           | 164               | 14.4        | 18.2              |
| <b>Cocoa</b>                    |               |                   |             |                   |
| Volume ('000 tonnes)            | 14            | 14                | 45.7        | 3.6               |
| Unit Value (RM/tonne)           | 5,624         | 5,800             | 3.7         | 3.1               |
| Value (RM million)              | 76            | 81                | 51.2        | 6.9               |
| <b>Crude petroleum</b>          |               |                   |             |                   |
| Volume ('000 tonnes)            | 16,858        | 17,640            | -7.5        | 4.6               |
| Unit Value (RM/tonne)           | 1,896         | 1,968             | 17.7        | 3.8               |
| Value (RM million)              | 31,955        | 34,723            | 8.8         | 8.7               |
| <b>Liquefied natural gas</b>    |               |                   |             |                   |
| Volume ('000 tonnes)            | 21,534        | 22,470            | -1.9        | 4.3               |
| Unit Value (RM/tonne)           | 1,081         | 1,099             | 14.2        | 1.6               |
| Value (RM million)              | 23,286        | 24,560            | 12.0        | 5.5               |
| <b>Tin</b>                      |               |                   |             |                   |
| Volume ('000 tonnes)            | 19            | 25                | -42.3       | 29.0              |
| Unit Value (RM/tonne)           | 30            | 46                | 8.2         | 53.5              |
| Value (RM million)              | 583           | 1,155             | -37.7       | 98.1              |
| <b>Total value (RM million)</b> | <b>94,916</b> | <b>112,682</b>    | <b>11.4</b> | <b>18.7</b>       |

<sup>1</sup> Estimate.<sup>2</sup> Includes crude palm oil, processed palm oil and stearin.
