

# BNM TO HOST FINANCIAL FAIR

It aims to inform, educate the public on financial matters

**I**N collaboration with the finance industry, Bank Negara Malaysia (BNM) will organise the inaugural Karnival Kewangan (Financial Carnival) at the Putra World Trade Centre (PWTC) from Jan 13 to 15.

Themed "Your Financial Needs Matter", the carnival aims to inform and educate the public on financial

matters, including available services that can help individuals and businesses to better manage their finance.

BNM said the public could obtain information on financial products and services, conduct financial transactions, learn about new initiatives and opportunities in business and financial management, and make enquiries or seek advice at the carnival.

"More than 100 financial service

providers, associations and agencies will be showcasing a wide range of services and products catering to different needs.

"These include financial counselling and dispute resolution services, as well as products and services for savings, financing, investments, payments and remittances."

The central bank said members of the public would be able to open savings accounts, purchase insurance and *takaful* products, among

others, at the event.

Carnival visitors will be entertained with performances by popular celebrities, get attractive souvenirs and prizes, as well as interactive activities.

Event highlights include a public speaking competition between university and college students, pocket talks, games and a business pitching session.
