Based on the weekly retail pricing of petroleum products using the Automatic Pricing Mechanism (APM) formula, the retail price of petroleum products for 4 April 2020 until 10 April 2020 is fixed as follows:

1. The retail price of the RON97 petrol reduced by 8 sen per liter from RM1.68 per liter to RM1.60 per liter;
2. The retail price of RON95 petrol reduced by 8 sen per liter from RM1.38 per liter to RM1.30 per liter; and
3. The retail price of diesel reduced by 10 sen per liter from RM1.68 per liter to RM1.58 per liter.

The decline in the retail price of petroleum products is due to the continued decline in global crude oil prices following the global economic uncertainty caused by the COVID-19 outbreak.

The Government will continue to monitor the impact of global crude oil price changes and take appropriate measures to ensure the welfare and well-being of the people.
